

TESTIMONIALS

Hi Joel!

Sorry it took me so long to get this testimonial to you... very busy life lately. We finally got the well pump running the other day, and did find some breakage in the downstairs bathroom. But we have settlement in 1.5 weeks, what a relief it will be to have this all behind us!

Here's a testimonial....

"When we needed someone to tackle a complicated and challenging electrical problem, I called IES Electric, and Joe responded quickly, surveyed the needs, and gave us an estimate that led us to gladly give him the go-ahead to do the job. Where other electricians were tentative about doing the work, Joe confidently tackled the problems with high quality work, thoroughness, and integrity. We will always call upon IES Electric to take on any more electrical problems we may have in the future."

(By the way, I don't know if you knew that we had someone else tell us he wasn't comfortable working on the house, and another electrician who did some work some years ago didn't return Mom's calls when she had more work to do, we think he had the same reaction.)

Let me know if you need anything more, and thanks again for all you've done for us! I will definitely recommend you to the buyer, if you want me to, that is!

Thanks,
Madeline

I am a completely satisfied repeat customer of IES Electrical Contractors. Most recently I opened a new art gallery in Wayne Pa. Called the Connor Ryan Gallery at 129 N. Wayne Ave. 19087. Joseph Pondolph (the owner of IES) personally supervised his meticulous crew and installed beautiful lighting. Lighting is a huge concern to us here at the gallery. Joe did a great job providing us with exactly what we needed to showcase our paintings. The installation was perfect. The process was painless. The crew was prompt, polite and very professional. I will always call on IES for all my electrical needs both commercial and at home. Sheila Gallagher (owner) The Connor Ryan Gallery
